**LIQUID GEOGRAPHY**

**100% Monastrell.** Liquid Geography is a Provence-style Rosé made from 20-25 year old vines located in the high elevation region of Bullas located in the Southeast of Spain where the Monastrell grape (aka Mourvèdre) originated. Liquid Geography is 100% unoaked.

*As a symbol of our gratitude to the many people who have helped us over the years, we will donate all the profits of Liquid Geography to the TJ Martell Foundation in its research to find a cure for cancer.*

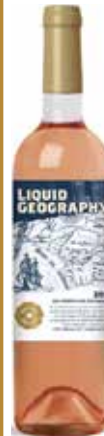

*Giving is always more fulfilling than receiving!*
